Client Testimonials

"Please accept this letter of appreciation from our family for the excellent services that your agency provided for our father. The services that you provided enabled him to remain independent and safe for much longer than he would have been able to under the circumstances. All of your staff including Tia, Joan and George treated him with great respect and kindness. As you know, he grew very fond of them and each in their own ways enriched his life, and made his days more enjoyable. They are all very special people and their dedication to their profession is exhibited in the services they provide on a daily basis. Thank you once again for sending us your "angels" when we called."

& Raymond Southard

"I would like to compliment Pam Fitzpatrick and her agency, Angels on Call Homecare. They have provided excellent care for my husband, who is totally disabled, for over seven years. It is my wish for my husband to continue living in our home and to be cared for at home. The compassionate and skilled home health aides, nurses, and caring office staff of Angels on Call have made this possible. I am very grateful."
